GROWER AND SHIPPER OF _____ STRAWBERRY, CABBAGE, and TOMATO PLANTS CERTIFIED BY TENNESSEE DEPT. OF AGRICULTURE DAYTON. TENNESSEE

Dear Friends and Customers:

First of all we thank each and every customer who has placed an order with us during the past thirteen years. By hard work, fair and honest dealings, our business has grown far more than we anticipated. We will continue to serve our customers in the future as in the past.

Our method of growing plants is unexcelled. We have a large acreage of uncleared mountain land to be cleared as we need it. We have two inspections each year by the State Department of Agriculture—one in the spring at planting time and again in the fall before we start shipping. This assures you of good, strong, healthy disease-free plants. Each year we fruit some of our plants to test their yield and vigor and as a further check to prove no disease shows up during the second year. Many farmers have tried growing strawberries and failed because they had diseased plants in the beginning. It is our business to grow the healthiest plants possible. The drought during the growing season is overcome with our modern irrigation system.

For several years the Blakemore has been planted more than any other strawberry. However, the Tenn. Shipper and Tenn. Beauty are taking its place in many of the strawberry producing areas. They make larger and stronger plants and out-yield the Blakemore. Our plants are in excellent condition for spring delivery.

PRICES FOR SPRING 1949

Blakemore, Klonmore, Klondyke, Postage paid — 100, \$1.00; 250, \$2.25; 500, \$4.00. Express collect — 1.000, \$6.00; 5.000, \$27.50; 10.000, \$50.00.
